Integrated Management System Policy

In order to meet the expectations of clients and all the construction process stakeholders, we hereby undertake to carry out the FineTech Construction company strategic objectives based on three principal pillars:

QUALITY SAFETY ENVIRONMENTAL PROTECTION

Acting based on the legal regulations in force and in accordance with our best technical knowledge we undertake to:

- ✓ Provide designs in a timely fashion without defects and faults, ensuring the highest quality standards;
- ✓ Constantly improve the professional qualifications of our employees and to expand their knowledge and competences;
- ✓ Operate in accordance with generally accepted principles and the FineTech Construction Code of Ethics;
- ✓ Implement effective actions to protect the life and health of our employees and other persons working under our supervision;
- ✓ Minimise the negative environmental impact of our activity;
- ✓ Take proactive actions in the sphere of ecosystem protection, while at the same time caring for the well-being of the local community ;
- ✓ Increase our employees' awareness of occupational health and safety and pro-environmental activities;
- ✓ Constantly improve our Integrated Management System in all its areas.
